PIKMIN™

Spring is here! Captain Olimar and Nintendo want to help YOU get into the spirit of spring Pikmin-style!

Here's your complimentary "Celebrate Spring With Pikmin" packet. Plant the seed stick in a pot indoors or a patch of soil outside and watch your seeds grow into small white daisies! Thank you for visiting Pikmin.com!

These are not seeds for the official Pikmin Flower. The Pikmin Flower is only available as a full grown plant and can be found in nursery and garden centers nationwide.
